

Introducing our New EnviroPerfect Programs

SILVER

The new Silver program was revised to respond to the smaller sized city lots. For lots under 2000 square feet the Silver program consists of two applications of our slow release granular organic fertilizer and one application of a liquid organic fertilizer and one application of Quantum Growth

GOLD

Our most popular program. This program is for the average size city lot of between 2000 and 3000 square feet. The Gold program consists of two applications of our slow release granular organic fertilizer and one application of a liquid organic fertilizer and one application of Quantum Growth

PLATINUM

The ultimate in lawn care. Whatever your lawn needs, we'll customize and apply every tool at our disposal to maximize your lawn's potential. No organic lawn care program is more effective or easier.

2011 Price List

Referral Program

Refer Your Friends and Save - Refer someone to EnviroPerfect, and if they join the movement to grow healthier with us, you can receive either a \$25 gift card to local stores.

Group Savings - Is a section of your street or neighborhood interested in going green? Sign up as a group and save. The larger the group, the more you save!
